

How to install the presets:

1. Open Hive 2 in your DAW

2. Go to PRESETS tab

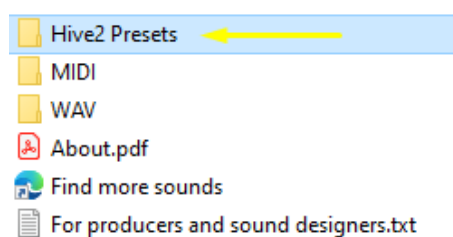

3. Right click on Local Folder in the menu

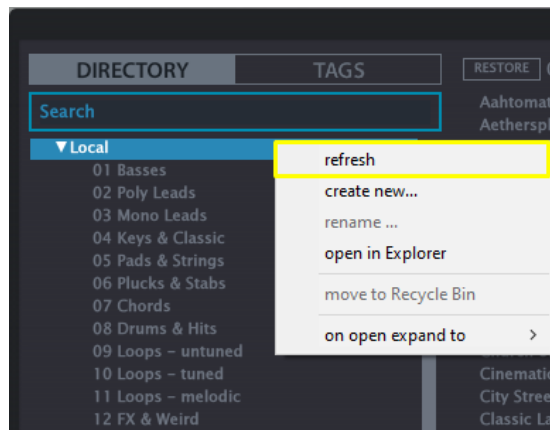

4. Click “open in explorer” on windows or “reveal in Finder” on Mac

5. Copy the preset folder into the Hive 2 presets folder

6. Go back to Hive 2 in your DAW

7. Right click on Local Folder in the menu once again

8. Click “refresh” and you will see the presets loading up

9. Enjoy!!
