

Copy the presets folder to Windows : C:\ProgramData\Arturia\Presets\

OS X : /Library/Arturia/Presets/

Or Import The Bank :

- 1) Open the concerned plugin
- 2) Click on the picture / plugin name on the top left.
- 3) Click the Import button  → Import...
- 4) Select bank file and click choose
- 5) The preset/Bank is now available in your preset browser.
